DOUBLE AWARDS SUCCESS FOR FM CONWAY

Civil engineering, highways maintenance and recycling specialist FM Conway has received two prestigious national awards.

The Dartford-based company has been presented with two British Association of Landscape Industries (BALI) Awards 2009, which are considered to be Europe's leading trade awards for the landscaping sector.

FM Conway has received an award in the Hard Landscaping - £300,000 - £1.5 million category for its work at Chandos Road Playground, Stratford, London, while a project at Twickenham Stadium, resulted in a success in the Hard Landscaping – over £1.5 million section.

"To secure two BALI Awards is a great achievement for us, particularly as first-time entrants," commented FM Conway's managing director Michael Conway. "Both of these projects were a real team effort, so everyone is delighted to receive such high recognition for their work.

"BALI is held in high esteem across Europe and only selected contractors and suppliers are allowed to display the BALI logo, so this is a huge honor for us in what has been another hugely successful year for the company."

FM Conway will be presented with a special plaque to mark the achievement at the official awards ceremony at London's Grosvenor House Hotel on Park Lane on the 4th December, where category winners and overall winners will be revealed.

Every winner in each category has the opportunity to win the category overall and also have chance to win the highly prestigious Grand Award, which is one of the industry's highest accolades.
