

FM Conway 'Build Back Better' with Boris Johnson

Prime Minister Boris Johnson visited FM Conway's Heathrow Asphalt Plant earlier this month to discuss 'Build Back Better', the campaign for a coronavirus recovery plan.

Prime Minister Boris Johnson visited FM Conway's Heathrow Asphalt Plant earlier this month to meet with the company's Chairman, Michael Conway MBE, CEO, Adam Green and Head of Operations, Mark Whelehan.

The four met for a discussion regarding the 'Build Back Better' campaign, a movement which looks at how we can recover from the coronavirus pandemic, with a particular focus on infrastructure and the construction industry.

The Prime Minister also received a tour of Heathrow Asphalt Plant and was given a demonstration of FM Conway's recycling capabilities.

Prime Minister, Boris Johnson, said:

"[FM Conway] is one of the greenest road working companies in the whole of the world. I absolutely congratulate them on what they are doing, and they are helping this country to build back better."

About FM Conway

FM Conway is a leading infrastructure services company delivering vital services in transportation, the built environment and open spaces for communities and businesses.

We inspect, design, build, enhance and maintain essential infrastructure services for the community.

With more than 59 years' experience, we pride ourselves on being an industry leader and innovator, especially in recycling and reuse. We have a network of asphalt and aggregate recycling manufacturing plants serving London and the south of England, as well as a Thames side wharf and our own research and development laboratory. We have the ability to produce asphalt with a high recycled content and low carbon footprint.

We are a member of the British Safety Council, the Civil Engineering Contractors' Association, the British Association of Landscape Industries and the Quarry Products Association, as well as being BSI registered for environmental and quality management.
